2. The August target figures for armored vehicle repairs were given as 29 T-34/85's and two T-34/76's without turret and gun which are to be used for training purposes. The turrets and guns of the latter were scrapped and a metal plate containing a hatch was placed over the turret ring.
3. The dismantling bays actually handled 33 T-34/85's and the two T-34/76's referred to above. However, four of the T-34/85's were, in fact, sent for scrap, being cut to pieces at the depot and sent off to an unknown destination by rail.
4. The following [redacted] were obtained during the period:
